**Our Ref: CDS23006543 Pre-Connection Enquiry
Former Hickey & Co. Ltd., Parkgate Street, Dublin**

Dear Applicant/Agent,

We have completed the review of the Pre-Connection Enquiry.

Uisce Éireann has reviewed the pre-connection enquiry in relation to a Water & Wastewater connection for a Multi/Mixed Use Development of 563 unit(s) at Former Hickey & Co. Ltd, Parkgate Street, Dublin, (the **Development**).

Based upon the details provided we can advise the following regarding connecting to the networks;

- **Water Connection** - Feasible without infrastructure upgrade by Irish Water
- A new 200mm ID connection main (green line in figure below) is to be connected to the existing 180mm MDPE with installation of a DMA meter with associated telemetry system on the line.
- A secondary connection (new 200mm ID main) is to be connected to the existing 24" spur of the 24" CI main on Parkgate Street. Double control valves to be installed on this connection main and both set to closed during normal operations.
- Both new mains should be connected internally.

- **Wastewater Connection** - Feasible without infrastructure upgrade by Irish Water
- Surface water flow from Parkgate Street should be removed from the combined network as proposed. At connection application stage you should provide evidence of the successful delivery of the Project in agreement with Dublin City Council.

This letter does not constitute an offer, in whole or in part, to provide a connection to any Uisce Éireann infrastructure. Before the Development can be connected to our network(s) you must submit a connection application and be granted and sign a connection agreement with Uisce Éireann.

As the network capacity changes constantly, this review is only valid at the time of its completion. As soon as planning permission has been granted for the Development, a completed connection application should be submitted. The connection application is available at www.water.ie/connections/get-connected/

Where can you find more information?

- **Section A** - What is important to know?
- **Section B** - Details of Uisce Éireann's Network(s)

This letter is issued to provide information about the current feasibility of the proposed connection(s) to Uisce Éireann's network(s). This is not a connection offer and capacity in Uisce Éireann's network(s) may only be secured by entering into a connection agreement with Uisce Éireann.

For any further information, visit www.water.ie/connections, email newconnections@water.ie or contact 1800 278 278.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'D Phelan', is positioned above a horizontal line. The signature is written in a cursive style.
